EALTH CONSULTANCY

NURSE PARTNER PROGRAM

Your practice. Your patients. Our network behind you.

Independent community nurses running their own in-person and virtual practices can partner with RCM Health on complex cases — keeping the patient relationship while gaining a full clinical and navigation team in support.

How the partnership works

INDEPENDENT NURSE

Primary point of care

- Owns the patient relationship
- Delivers in-person & virtual care
- Identifies complex needs early
- Refers the case into RCM

↓ Hands-on care ↑ Needs & updates

THE PATIENT

Complex care needs

- Multiple conditions or providers
- Long waits or unclear diagnosis
- Surgery, discharge or transition
- Family & funding pressures

↑ Expedited access ↓ Records & consent

RCM HEALTH

Clinical & navigation backbone

- NPs, doctors & specialists
- Case management
- Secure shared platform
- Reports back to the nurse

CLOSED LOOP **The nurse stays in charge.** RCM works behind the scenes, shares every plan and result, and returns the patient to the nurse's care.

10 ways RCM Health supports your patients

1. **Complex case management**
   An RCM case manager coordinates every provider, appointment and plan so nothing falls through the cracks.

2. **Rapid specialist access**
   Direct referral pathways into a network of 4,000+ specialists across every discipline.

3. **Medical second opinions**
   Expert review of diagnosis and treatment plans from leading physicians in Canada and abroad.

4. **NP & physician backup**
   Nurse practitioners and doctors available for consults, assessments and orders beyond nursing scope.

5. **Expedited diagnostics & surgery**
   Faster imaging, testing and surgical options through private clinics and 50+ Centres of Excellence.

6. **Records & clinical summaries**
   We gather medical records and prepare clear case summaries that specialists can act on quickly.

7. **Secure practice platform**
   A secure app for documentation, task management and billing — shared infrastructure for your business.

8 **3,000 service vendors**
Home care, rehab, equipment, mental health and allied services to round out the care plan.

9 **Hospital & transition support**
Advocacy during admission, discharge planning and safe transitions back home to the nurse's care.

10 **Family, insurer & funding liaison**
We work with families, insurers and benefit plans to clarify coverage and secure funding for care.
